- Pouring spout to reduce drips

Hygen Charging Bucket

RFGQ95088YEL

- Charging Bucket for Microfibre Mops
- Hold up to 20 microfibre wet pads
- Water-tight lid

Rubbermaid Wave Brake Side Press Combo

RFG758888

With features that surpass traditional mop buckets, this new generation of WaveBrake® helps to clean floors with less effort to get the job done safer, without sacrificing quality and durability.

Patented WaveBrake baffles result in less splashing while mopping and maneuvering.

A foot-operated drain helps to empty heavy mop buckets into floor rains, eliminating the strain associated with lifting and bending. For facilities where sinks are used, integrated handles, sink ledge, and a pour spout provide control while lifting and emptying. The wringer base is designed to stand upright when removed, minimising bending when emptying the bucket.

Wringer effectively wrings a variety of mop sizes, ranging from XS-XL.

AVAILABLE COLOURS

SLIM JIM® Bins

Build your own colour coded SLIM JIM® Recycling System

Step 1.

Pick up a starter kit

- Includes: Light grey 87L SLIM JIM® recycling station, recycling station lid, and connector to join multiple starter kits together.
